OF . . .

AUSTIN  
COLLEGE

“A Nation Can Only Be Free, Happy,  
And Great In Proportion To The  
Virtue And Intelligence Of The Peo-  
ple. The Dissemination Of Knowl-  
edge Of The Arts And Sciences Is  
Therefore Of Primary Importance To  
The National Liberty And Prosperi-  
ty.”

Stephen F. Austin

Dedicated To

Dean

Leo L. Nussbaum

Here is a Man . . . .

Who has dedicated his life  
In the behalf of Youth;  
Who has worked  
And is working  
Continuously,  
To give Austin College  
A better place in the Sun.

Here is a Teacher . . . .

Who is constantly  
Challenging his students,  
Unlocking new doors of thought,  
New vistas of learning,  
And new horizons of knowledge.

Here is a Leader of Youth . . . .

Tirelessly  
Giving of his time,  
Always seeking  
New answers  
And new ideas  
To solve Youth's problems of today.

Here is a Christian . . . .

Who goes the extra mile  
Time after time  
To keep his students  
On the narrow path;  
Who works with them  
And plays with them  
Shares their sorrow  
And laughs with them;  
And from whom  
They have learned  
Understanding,  
Tolerance,  
Respect,  
And Love.

Yes, here is a Man . . . .

To whom we at the college  
Owe a lasting debt,  
And of whom  
It will be said,  
As we look back  
Over our years in college,  
"Dean Nussbaum . . .

There was a Man!"

The days may come,  
the days may go,  
But still the hands of memory weave . . .

George Cooper

From the time you were a freshman, "buttoning" to all upper classmen, there has been someone or some place that you have written down in the diary of your memory. A professor, a dorm director, your first real love, a special place on campus. For in essence, College is the weaving of new faces and new ideas into your memories.

It is recalling facts for a test, avoiding late minutes, and remembering generalities for a career. It is discovering that even though you remember all these things, and graduate "cum laude," there is still much that you do not know. It is shutting many familiar doors and opening many new ones. And so you leave a little less confident than when you arrived, but still you have the memories, and you have learned.

You have learned the location for the Battle of Solebay and that ~~xy~~ if and only if . . . . You have figured out how to sleep with your eyes open and to yawn with your mouth closed. You have conquered, so some extent, the fine art of B.S. . And you have undoubtedly tasted of the genuine hospitality at "Ma German's."

But perhaps most important of all, you have learned that Memory and Time are inseparable: there can be no Memory without Time, and there can be no Time without Memory. All this you have entered into the diary of your life.

Will you try to spend your life tomorrow with memories of traditions holding you back? There is the ranch down in Kingsville which someone must run and the business in Odessa and you are the only boy. There is the school where you should do graduate work because your grandfather and great-grandfather went there . . . .

Where are the fugitives who here passed daily? Today there are a new breed of fugitives who pass—fugitives from someone else's plan, from age, and from themselves. They come and through the course of four years, they change. Then they leave, sometimes to return home and hand the decisions over to another group, sometimes still fighting the idea of change. But more often, the spirit of youth and creativity remains with them, and they become symbols of Progress in an age when Progress generates Progress, Memory generates Memory, and perhaps even Memory generates Progress.

There are many moments to memories in any college—more than one person or one book can ever hope to capture. But perhaps some of these will suggest others to each person; so that, in the end, this book will reveal the memory of Progress at Austin College in the early days when you were there . . . .

COLLEGE

Progress—the inevitability of all living things—is a  
unique characteristic of our college. While  
students continue to share the Texas climate,  
Slater food, and Lake Texoma, the college  
changes:

New concepts enlarge the school's aims and strengthen  
its foundation. And because such changes  
involve each individual who "partly is and  
wholly hopes to be," all will share in the gain  
as Austin College moves closer to its high  
goal of recognized excellence.

*Death be not proud,  
though some have called thee  
Mighty and dreadfull,  
for, thou art not soe,  
For, those, whom thou think'st  
thou dost overthrow,  
Die not, poore death,  
nor yet canst thou kill mee;  
From rest and sleepe,  
which but thy pictures bee,  
Much pleasure, then from thee,  
much more must flow,  
And soonest our best men  
with thee doe goe,  
Rest of their bones,  
and soules deliverie.  
Thou art slave to Fate, Chance,  
kings, and desperate men,  
And doth with poyson, warre,  
and sicknesse dwell  
And poppie, or charmes can  
make us sleepe as well,  
And better then thy stroake;  
why swell'st thou then?  
One short sleepe past,  
wee wake eternally,  
And death shall be no more,  
death, thou shalt die.*

# HONORS

Austin College honoraries recognize those who have the ability and the energy to achieve the most in a school where excellence is not at all rare. Few students at Austin lack ability, but the distinction for which some are honored is that particular ability to make something unique out of a situation which many share.

Every campus has its heroes: students who personify those aspects of the school in which all take pride. They deserve the honors they receive. Some few are honored for their luck in having been in the right place at the right time. But few are honored at Austin who have not earned it; and the quality of the entire student body often means that for each student honored, there are several who equally merit reward.

# SPORTS

. . . Rugged, determined, conditioned by tests of  
endurance . . . Eager for victory, fortified against  
defeat . . . Weathered by hot dust and sweat, cold  
mud and winds . . . These are conditions for  
Progress in Sports.

Yet, Sports, as Austin College knows the term, is  
something of a compromise between a way of life, on  
the one hand, and an extra-curricular activity, on the  
other. The people in the Athletic Department work  
with, not independently of, the people in the  
Administration Building to build a better college.

As a result, in-coming freshmen athletes are first  
students—and then quarterbacks or forwards. With-  
in this framework lies the continuing pageant  
of sometimes disappointing Saturday afternoons or  
hoarse cries of “We’re number one!”

AUSTIN COLLEGE 26

BISHOP COLLEGE 19

In one of the roughest games of the season, the Kangaroos outfought Bishop's Tigers to take the first victory of 1966. Fred Maples passed his first real test at quarterback, completing 16 of 23 passes and directing the Hoppers to four touchdowns. Mike Maloney scored twice, Harold Williams once, and Neill Crockett got on the scoreboard with an 88 yard kick-off return in the second half. Dee Dearen was outstanding on defense as he kept the pressure on Tiger quarterbacks throughout the game.

Steve Hays and other AC gridders show concern about the outcome of a play.

Playing in a fog thick enough to rival the pea soup variety of London, the Kangaroos gained their second straight win over one of the South's traditional powerhouses in the small college ranks. Mike Maloney had one of his finest days as a Kangaroo, rushing for 170 yards and scoring two touchdowns. John Bengel got the other six pointer. The defensive secondary was outstanding as they intercepted five enemy passes. Robert Sheffield averaged 42 yards on six punts.

Interceptions by Ban Bywaters, Don Fields, John Hacker and Curtis Tillett kept the Lynx offensive game at bay.

## AUSTIN COLLEGE 20 HENDERSON STATE 6

Freshman quarterback Wesley Eben, end Gerald Thompson, and backs John Bengel and Mike Maloney were the heroes of the Hopper's third win. A 40 yard pass from Maples to Bengel racked up the first Kanga score. Maloney duplicated this feat in the third quarter on a 41 yard pass off the arm of Eben. The final tally came late in the game on a three yard sprint by Bengel. Randy Miller, Bruce Parkhill, and Dee Dear- en led a defensive charge which caused three fumbles and one interception.

### AUSTIN COLLEGE 28 WASHINGTON AT ST. LOUIS 10

Homecoming saw John Bengel have the best day of his three year career as he scored three touchdowns, two on runs of 18 and 15 yards, plus one on a 38 yard screen pass. Washington had been previously unbeaten until meeting the Kangys, the same situation which happened last year. Curtis Tillet intercepted four passes, leading a defense which held Bear passers to only 8 of 21 completions for only 62 yards. Robert Sheffield kept up his fine punting average, kicking five times for 41 yards.

## Hoppers Begin Season

Coach Mason is seen giving advice to his cagers during a game.

DRURY 76

AUSTIN COLLEGE 74

The first game of the 1966-67 season saw the Hoppers fall to Drury College. Kangy errors proved the difference as they committed 30 personal fouls and lost the ball numerous other times on errors.

Tom Skipworth led the Austin attack with 24 points, followed by Larry Kirk with 15, and Tony Toro with 14.

BAYLOR 90

AUSTIN COLLEGE 69

The Baptists proved too much for the Kangaroos as they built up a 20 point halftime lead and maintained the margin for the rest of the game.

Tony Toro held SWC scoring ace Darrell Hardy to nine points while picking up 17 himself. Skipworth was high with 21.

Awaiting the rebound are AC's cagers Toro and Curtis.

LETOURNEAU 81

The Kangys fought back from an eight point deficit early in the second half to nip the Yellow Jackets 83-81. Joe Barrett put the game away when he sank two free throws with 30 seconds left.

Skipworth paced the Hoppers, scoring 31 points. Other Hoppers in double figures were Joe Barrett with 20, Tim Curtis 15, and Rick Redington 10.

SOUTHERN STATE 59

AUSTIN COLLEGE 52

Poor shooting from the field in the second half cost the Hoppers any chance of victory over the Southern State Muleriders. The Kangaroos could hit only 31 per cent of their shots after intermissions and this proved too much to overcome.

Tim Curtis was high point man with 19 points, while grabbing 12 rebounds. Skipworth was held to only 7 points.

ARLINGTON STATE 91

AUSTIN COLLEGE 71

The Kangys held their own in the first half against the taller Rebels, trailing only 43-39 at intermission. Arlington State came back strong however and defeated the Hoppers for the third time this season.

Skipworth took game honors with 25 points. Curtis had 18, while Barrett finished with 13.

TEXAS WESLEYAN 82

AUSTIN COLLEGE 81

Austin College led 34 of the contest's 40 minutes, but when time ran out, the Rams had beaten the Kangys 82-81. It put the season record at 4-11.

Skipworth once again led all scorers with 23 points. Tim Curtis played an excellent game, scoring 19 and picking up many rebounds.

The Hoppers revenged an earlier 26 point defeat as they nipped Angelo for the sixth season win.

Tony Toro sank two free throws with 19 seconds left to insure the victory. Dave Lander came off the bench in the first half and scored an important five points when Barrett got in foul trouble.

Skipworth led all scorers with 29 points, 21 of which were scored in the second half.

MIDWESTERN 60

AUSTIN COLLEGE 41

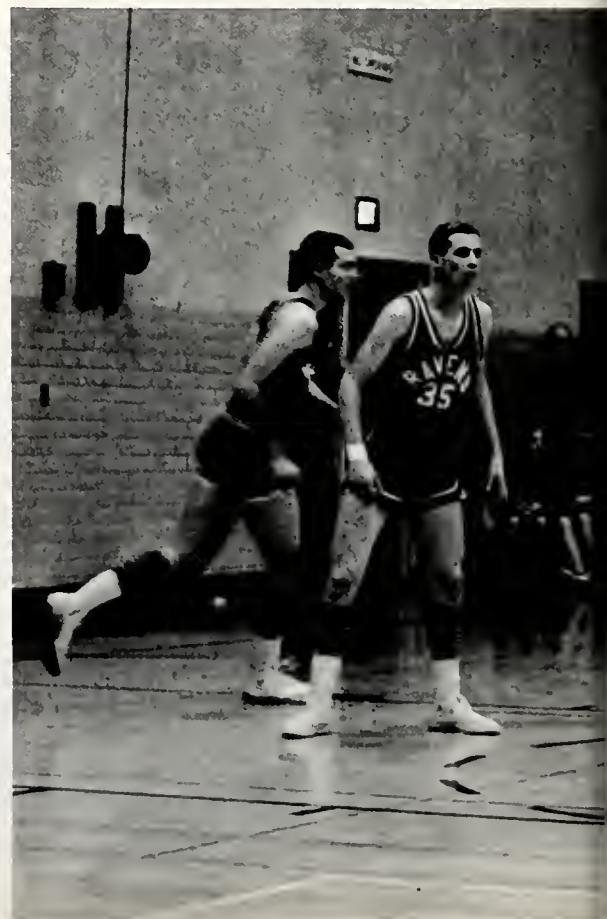

Coach Bob Mason tried to slow the pace down in order to prevent a repeat of the 119-62 trouncing which the Indians had given Austin earlier in the season. The tactic seemed to work at first as AC trailed only 21-17 at half-time, but when it was all over, the Kangys suffered one more defeat.

Jody Oren led the Hoppers with 11 points.

TARLETON STATE 72

The Hoppers opened district play with Tarleton State and came out with their fifth season win and a tie for first place in the North Zone of NAIA District 8.

Austin pulled out in front of the Texans with 14 minutes left in the first half and never trailed again. At one time the Kangys led by 16 points.

Tom Skipworth hit a career high game total with 32 points. Other Hoppers in double figures were Jody Oren with 14 and Joe Barrett with 19.

ETSU 93

AUSTIN COLLEGE 72

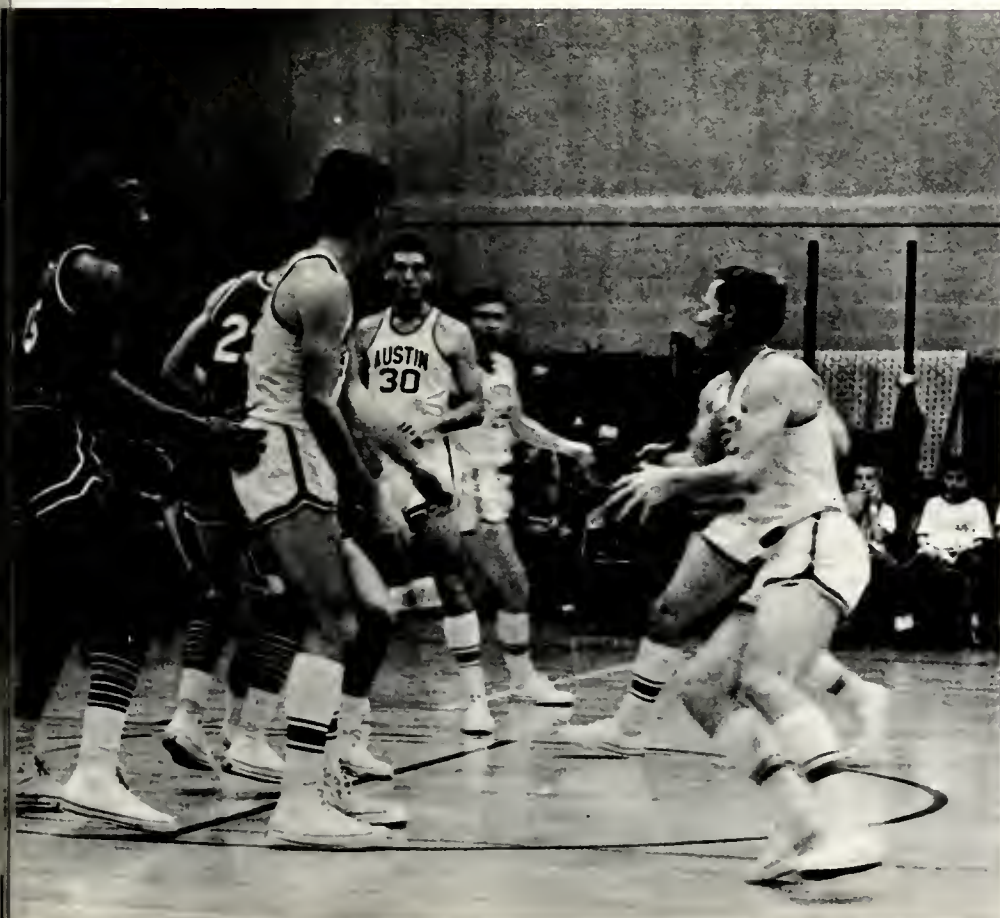

The Lion's Joe Fitch poured in 39 points while his teammate William Gaines scored 24 to lead East Texas State over the Hoppers.

Tom Skipworth, playing his last home game as a Kangaroo, hit 10 of 17 field goals and seven of eight free throws for a total of 27 points.

Tim Curtis scored 17 and grabbed 13 rebounds in the winning effort. It was the seventh victory of the season.

Besides directing cheering at athletic events, these eight also conduct the Freshman Orientation program, distribute beanies and direct the serenades, scrub sidewalks, and engage in many other activities.

The duty of this group is to promote and to regulate intramural activity in volleyball, baseball, football, tennis, and other sports.

The 1966-67 Cheerleaders are Gary Parker, Candy Mudgett (alternate), Phil Miller, Sarah Aston, Bobby Newman, Ellen Horn, Steve Capelle (alternate), and Nancy Bickel.

# GREEKS

The Greek system at Austin College thrives because the students want it. Nearly all new students go through "rush," and more would like to pledge than the groups can ever hope to accommodate.

Amidst all the services which the Greeks may perform, one service is obvious: they provide a source of entertainment for a majority of the students on campus. And for every student who finds the system limiting and objectionable, there are several who would like to be included.

So long as the system is useful, perhaps there should be less talk of abolishing and more talk of expanding. Would not this be a step in the direction of Progress?

Alpha Delta Chi, established in 1933, was the first social organization on the Austin College campus. In the thirty years of their existence as a sorority, the Alphas have broadened their objectives to include the personal development of each member, both socially and scholastically. As a group, they drive to further serve Austin College and the community through such activities as the "Books for Africa" drive and the "adoption" of a retarded girl.

Several Alpha traditions were continued this fall with the "Dunk an Alpha" booth at Homecoming and the "Alpha Shoeshine." The Christmas season brought with it the annual Alpha Ski Lodge Dance. Other social activities included a closed party and a retreat in each semester.

The Alphas are very grateful for the help and interest of their sponsors: Mr. and Mrs. Ralph Day, and patrons, Mr. and Mrs. E. M. Pedigo, Mr. and Mrs. D. D. Nutt, and Dr. and Mrs. Bill Freeman.

Service, love, and understanding, the motto of Delta Phi Nu, contains much of the essence of the Deltas. Companionship and friendship are the basis of the sorority's existence.

Retreats, closed parties, and all-school functions ranging from hootenannies to the spring formal are part of the Deltas' varied activities. The annual "contribution" to the Homecoming Carnival is the tragic production of Shakespeare in the GLOB Theatre.

Deltas are also engaged in service projects. At the beginning of each semester, the Book Exchange is held as one of these projects.

An organization of individuals, Delta Phi Nu acknowledges the primacy of spiritual and intellectual growth; Deltas are involved in academic and non-academic activities from the fine arts to honors work.

Kappa Gamma Chi, the first women's organization on the Austin College campus, endeavors to promote the social, moral, intellectual, and spiritual growths of its individual members, and to serve the campus and community. Yes, we are all individuals, but through our group we have many special bonds of friendship. Special ... that's a nice sounding word, and it has a special meaning for each one of us. We have traditions to carry out—rush week Kappa Sweete Shop, Kappa Kake Walk, Kappa Kapers, and the Kappa fountain. Carrying out these traditions is rewarding and fun, but not always easy. Take Kapers for instance, which alone requires 14,000,000 calories, 429,000 nerve endings, 30,768 cigarettes, and 5,294 buckets of midnight oil. But after all, anything that's worth while requires time and effort. A successful group is made up of many things—an ounce of consideration, twice that amount of respect, an indefinite quantity of cooperation, an unbelievable amount of creativity and talent, and an unceasing willingness to give of one's self. Kappas endeavor in these ways to make our group successful, and we gain a satisfaction from giving of ourselves in our common tradition of love and friendship. Individuals yes, but in the hands, voices, eyes, and hearts of a group of very special girls working together, we find our union.

The Thetas were organized in 1954 for the purpose of working together in Christian service and social activities. The Thetas are composed of individuals from all areas of campus life—from cheerleaders to musicians to housewives, from biology to Spanish to physical education, yet we are tied together in friendship through the sorority.

Contributing to social life on campus, the Thetas sponsor an All-School Formal in the fall, and a Carol Fest during the Christmas season. This year we added the new element of serving as slaves for an afternoon. In the area of service our activities include presenting an annual play at Bryant School.

Sponsors are Mr. and Mrs. Don Ratz; patrons are Dr. and Mrs. Howard McCarley and Dr. and Mrs. William B. Guerrant.

The Beta Chi Omega fraternity was organized in 1955 to help satisfy the non-academic needs of the Austin College campus. The fraternity is a closely knit and lasting group. The bond between brothers begins with a stimulating pledge program in which the new men have impressed upon them the traditions of the fraternity. Upon formal initiation, the pledges are accepted into the active membership of the group.

As a Beta, organized and informal activities are encountered. Some of the lasting traditions are Schlidgen in the fall and the Queen of Hearts Dance in the spring, during which the fraternity sweetheart is elected. We are proud to have Miss Marny Robertson as our 1966-67 Queen of Hearts.

Membership in the Beta Chi Omega does not end upon graduation from Austin College. An active alumni association exists. Each summer the whole group of actives and ex-actives meets to recall and to celebrate the past.

The Betas have adopted an eight year old Chinese boy named Tasu Yat Wing. We are able to do this through the Christian Children's Fund.

On campus, the Betas are active in intercollegiate athletics, college-sponsored organizations, intramural programs, student government, and other school functions.

The Beta sponsor is Mr. F. O. Detweiler, and the patrons are Mr. Paul Wyatt and Mr. David Heyn.

Leaving so  
soon?

Chi Delta Eta Fraternity, formed in 1957, is primarily a social organization designed to promote the best social outlet possible for its membership and for the student body as a whole. In this respect, the Chi Delts have at least one closed party every month, two fall rush parties, and the annual all-school "Greek a' go-go" which has sponsored Kenny and the Kasuals for the last two years. As a social fraternity, the Chi Delts are dedicated to the development of the individual, while also keeping in mind the predominant importance of the Austin College academic responsibility. The highlights of the Chi Delt closed parties are the annual Christmas Dance, the Sweetheart dance, and the May party.

The Chi Delts also emphasize the importance of service to the college and to the Sherman community. The fraternity holds their annual school Bar B-Q each year, the proceeds of which are donated to the Bryant School fund. The Chi Delts also donate the proceeds from their annual Monte Carlo booth at the Homecoming Carnival to the Bryant School.

As individuals the Chi Delts are active in many different activities. Their majors are in fourteen of the twenty-one different majors offered at Austin College. In extra-curricular activities, the members hold positions in student government, in all phases of athletics, in drama productions, in student interest clubs, and in equally varying activities in the Sherman Community.

The Chi Delts wish to extend thanks to their sponsor, Mr. Thomas Nichols, and to their patrons, Mr. Bruce Ball and Mr. Doyle Kirby.

The Tri Gamma Fraternity was founded in the Fall of 1963 by some of the campus's student leaders in response to certain needs which they felt existed in the fraternal system of Austin College. The men of Tri Gamma hold the acknowledgement of the value of the individual and the dignity and integrity of self which he possesses to be of primary importance. With this at its base Tri Gamma presents a frame work in which its members find a pathway for self-expression in campus life.

Realizing a fraternity's relative place in a man's life, Tri Gamma emphasizes the importance of the student's academic development and makes "studies first" the key phrase for each individual's fraternity participation. Socially Tri Gamma endeavors to afford all-school activities which show imagination, creativity, and uniqueness and which strengthens the bonds of unity within the group through teamwork with a common goal. The members of Tri Gamma participate in all intramurals with a strong desire to win while recognizing the value of the intramural program as the medium for development of greater interfraternal respect and cooperation. In the field of service Tri Gamma assumes a responsibility to accept long term projects, such that through continued contact and participation our efforts can be of true value both to those served and to each individual member.

The men of Tri Gamma find the college as a whole within their sphere of responsibility, and each member is encouraged to take advantage of all the opportunities presented as part of the program and planning of the college. We pride ourselves in enthusiastic support and constructive criticism of all worthwhile phases of life and the college community. We of Tri Gamma are growing with the college; and as we look back at a year of fun and work, we also look ahead with great expectations.

Advisors are Dr. and Mrs. Thomas K. Kimes. Patrons are Mrs. Betty Martin, Mr. and Mrs. Boyd Evans, Mr. and Mrs. Jack Howard, Dr. Charles Barr, and Dr. and Mrs. C. A. Kennedy.

Our star of the night ...

The Iota Lambda Fraternity is the youngest one on campus. It was chartered in the fall of 1965. The idea that sets the fraternity apart, in practice, from other fraternities on campus is the fact that the members rather than the traditions are the real basis for functions.

During the 1966-67 school year the Iotas provided entertainment for the community as well as for themselves. They participated in the all-school carnival with their "Flame-Game" and helped the fame of campus talent in their all-school Hootenany. As for the group itself, they have had bimonthly dinner meetings with speakers from the community on issues concerning their members. The fraternity has held parties both at the lake and at homes, on special occasions and just for fun.

We wish to extend our thanks to our advisors and sponsors for their support, to Mr. and Mrs. Robert F. Randall, Dr. and Mrs. David Darling, and Reverend and Mrs. Allen Smith.

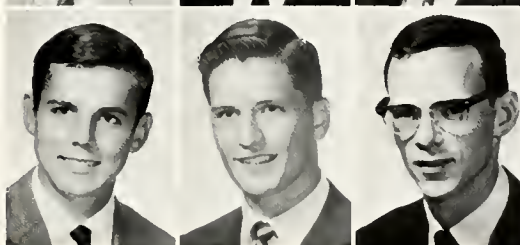

We also wish to extend our heartiest congratulations to our graduating seniors: Mr. Hugh Summers, Mr. Phil McCarter, and Mr. Howard Powell.

The men of Phi Sigma Alpha completed their thirty-fourth year of Brotherhood in a year marked by rewarding success and outstanding achievement.

In the fall, Phi Sigs brought the popular band, "The Chessmen" to the campus for their annual Moonlight Mambo. February was the time for pledges and the Sigs took an outstanding class to perpetuate its name. March brought the annual Sweetheart Dance, one of the oldest traditions of the fraternity. The theme of the dance as always, was "Dixie" and the music was provided by "Jolly George and the Checkers." The evening was highlighted by the presentation of the new pledge class and the naming of the sweetheart. Numerous closed parties and dances held throughout the year rounded out the calendar for the Sigs. The year was concluded with the annual Spring "Luau" given by the pledge class in honor of the graduating seniors.

The Phi Sigs upheld their motto of "Unity through Diversity" by having representatives in almost every campus organization and activity. The Phi Sigs are especially proud to have as their sponsors Mr. and Mrs. Willie Jacobs who have been sponsors of the fraternity for the past seven years. We are also proud to have as our patron Mr. Jim Nossaman of Sherman, Texas.

"Of course there is something in my eye! Why do you ask?"

Pi Chi Epsilon is a federation of individuals who strive for excellence in academics and creativity. They are non-conformists. The fraternity is organized in an informal and flexible manner so that each member may develop and express his own individuality as he sees fit. Pi Chi Epsilon has little tradition and less of an image.

During its seventh year the fraternity managed to humiliate the Faculty All-Stars in the first annual Football Farce. Pi Chi Epsilon participated in the Homecoming Carnival activities. The members and their dates enjoyed an evening in Dallas also, which included an Italian dinner and a trip to the Dallas Theatre Center.

During the 1966-67 school year, Pi Chi Epsilon has four members who have chosen to spend their Junior Year Abroad. David Dowty is studying in Austria and Bill Forbes in Ireland, while Jeff Stewart and Rick Wood are spending their year in Paris.

The sponsors for the group are Mr. and Mrs. Isaac Tennison. The patrons are Mr. and Mrs. Norman Krampetz, Dr. and Mrs. Wallace Watson, Dr. and Mrs. Roy Wells, and Dr. and Mrs. Charles Woodrow.

Since its founding in 1957, Sigma Tau Epsilon has represented excellence. Individual Sigma Taus have achieved excellence in scholarship, athletics, the student involvement program, international student programs, and other phases of college life. In addition to the achievements of its members, the fraternity has strived to make a significant and unique contribution to the campus.

The academic achievements of Sigma Tau Epsilon are without equal among Austin College fraternities; the fraternity has traditionally led all others in the cumulative grade point average of its membership. This leadership is reflected in Alpha Chi, *Who's Who*, the Dean's List, and departmental honor societies.

Before the establishment of the Celebrity Series and the Student Entertainment, Sigma Tau Epsilon began bringing outstanding cultural events to the campus. The Canadian National Ballet, Carlos Montoya, and the Norman Luboff Choir appeared through the efforts of the fraternity. In this tradition, Sigma Taus presented The Music of Richard Rogers, an evening of America's favorite music starring Miss Elaine Malbin.

The fraternity is more than its members, social functions, service projects, grade point averages, and all the rest—it is an attitude toward other people. The concern for others which characterizes Sigma Taus manifests itself in many ways. It is evidenced by the participation and leadership of Sigma Taus in Crossroads Africa, Winant Volunteers, Experiment in International Living, the Sherman Tutorial Education Program, and other such projects. The diversity of interests of members of the fraternity has been its greatest asset; Sigma Tau Epsilon provides a common ground on which persons of all disciplines, interests, and backgrounds can contribute to the group and to the college and can experience the total personal growth which is the object of a liberal education. And ten years of brotherhood have produced many men who have been enriched by being a part of the tradition of Sigma Tau Epsilon.

## Drake Fraternity

The Drake Fraternity was organized in 1946 by a group of Austin College students for the purpose of introducing a social and scholastic organization on the campus. Ever since then, it has been the desire of the Drakes to allow college men with different personal backgrounds to work together for the purpose of sharing ideas in promoting social activities. Further, the Drake Fraternity is representative of all phases of campus life. As a social organization, it has a good time while its members fulfill their campus, academic and leadership responsibilities.

In order to fulfill the aim of providing social activities for its membership and the entire student body, the Drakes sponsor two annual dances. The Western Dance, which originated in 1953, is held in the spring, and the Shipwreck has been the big dance of the year since its founding in 1947.

The sponsor is Dr. W. A. Thornton. The patron is Miss Beach.

The Inter-Fraternity Council is composed of the presidents of each fraternity on campus, the Vice-President of Men's Organizations, and the Advisor of Men's Organizations. The purpose of both bodies is to deliberate upon all problems relating to the Greek system at Austin College.

# Inter-Fraternity Council

MEMBERS: Davis Price; Kelly Breazeale; Joe Gay, Dwain White; Hawkins Menefee, chairman; John Jameson, Robert Baron, Lucky Russell, and Tommy Hughes.

# ACTIVITIES

Campus organizations are the expression of student interests. Some of them offer members a chance to enjoy their hobbies—and frequently, to win honors for Austin College. Student government, the most remarkable organization, offers many a chance to serve quietly and a few the chance to strut loudly. With the dawn of each academic year, the atmosphere changes as the leadership changes and brings in new interests, new ideas. This year, Austin College saw the expansion of some organizations and the improvement of some services.

Also, as a result of the Honor System, many new committees were formed. All worked to present programs of unprecedented quality. The dedication and high standards of those who staffed such committees deserve the appreciation of every student who hopes to find diverse and challenging viewpoints at Austin College.

Organizations contribute activity and a chance for members to grow. To the outstanding, much gratitude.

As for others, perhaps next year . . .

Edwin Powers, President of the Student Body, serves as the principal representative of the AC student body. He acts as Chairman of the Honor Council and of the Temporary Court, Vice-Chairman of the College Council, and Coordinator of the student Vice-Presidents.

Carol Kizer, Vice-President for Women's Organizations, serves as the student leader in the program areas of women's residence halls, sororities, and women's organizations. With the Advisor to women's organizations, Miss Alleane Taylor, Carol develops a program which aims to supplement the student activity and involvement programs.

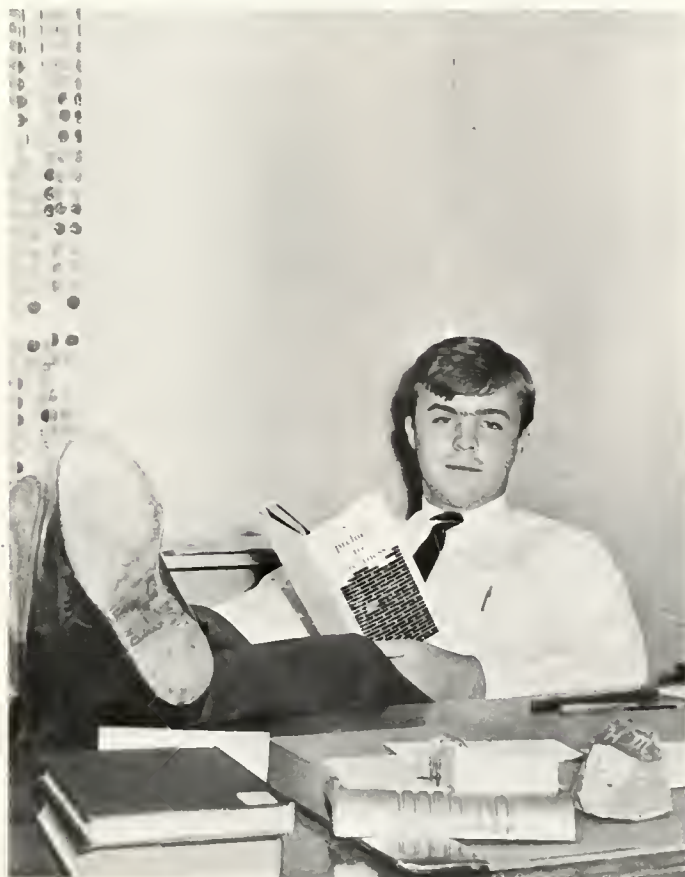

# Student Body Leaders

Gretchen Weicker, Vice-President for Programs and Services is responsible for the areas of student publications, World Affairs program, student religious affairs, cultural affairs program, leadership training program, and social and recreational programs.

Hawkins Menefee, Vice-President for Men's Organizations, is the student leader in programs involving fraternities, men's service organizations, and men's residence halls. With Mr. Don Wright, the Advisor to Men's organizations, Hawkins develops a program which supplements the student activity and involvement programs.

MEMBERS: Edwin Powers, Chairman; Carol Haehl; Marilee Munger; Kitty Townsend; John Bengel; Davis Price; John Wiederholt; Karen McCready; Jan MacPhillimy; Lans Hays; Jim MacKay; Kathy Seddon; San Williams.

The Student Honor Council is responsible for the program administration, promotion, and understanding of the honor principle, and for the operation of the Honor System. It legislates the proper establishment of procedures and rules for the effective operation of the Honor System and serves as a judiciary for the interpretation of the rules in case of violation.

## Honor Council and Temporary Court

MEMBERS: Edwin Powers, Chairman; Mike Nurre, Attorney General; Charles Bondurant; Brad Breuer; Laura Clyburn; Jim Harris; Gary Parker. Honor System members on the Temporary Court: Jim MacKay; Karen McCready; Kathy Seddon.

Within the structure of the Honor System is the Temporary Court which tries apparent violations of upperclassmen not under the Honor System. It has the same authority as the Honor Council, although it judges cases without regard to the Honor System's requirements. To expedite the change from the Temporary Court to the Honor System, there are three members of the Honor System chosen by Temporary Court members to sit with the Temporary Court.

# Women's Inter-Dorm Council

MEMBERS: Joan Graves; Carol Kizer, Vice-President of women's organizations; Becky Brownlow; Susan Scott; and Serena Trippet (not pictured).

Comprising the Women's Inter-Dorm Council are the presidents of the various women's residence halls. The Council functions in enacting and enforcing legislation concerned with the educational, governmental, and social programming of the dorms.

# Assistant-Residence Directors

Assistant Residence Directors for women's halls: Karen Ray, Ann Allen, Sara Little, Diane Hardie, and Pat Kaspar (not pictured).

The Assistant-Residence Directors are carefully selected upperclassmen appointed to aid the Residence Directors and the various hall councils.

Assistant-Residence Directors for men's halls: John Galbraith, Tony Levacy, Bob Kohler, Bobby Chappell, and Byron Johnston.

# Committees Implement . . .

The Committee for Curriculum and Calendar Change aided in the planning of the transition from the old calendar to the new one which will begin with the fall semester of 1967. Fred Eutsler, Kenneth Street, Paul Thomas, Frank Edwards, Dale Maness, Eugene Cooper, Milford Cundiff, Clyde Hall, Paul Beardsley, Virginia Love, Jack Carlson, Sara Little, Paul Franke, Steve Findlay, and Leo Nussbaum served on the committee.

Gretta White, Karen Fagg, Janet Graves, Dianne Hardie, Sue Fekety, Tom White, Steve Findlay, Hugh Summers, Tommy Lockhart, David Barton (chairman), Don Henderson, Joe Gay, Jerry Landes, and Don Wright (advisor) planned the Leadership Training Conference held in the fall of the year.

Initiated for the first time in the fall of 1966, the Student Entertainment Series was designed to bring famous, popular entertainers to the campus. Jose Feliciano and The Lettermen performed during the fall. The committee members—Carol Jordan, Judy Liggett, Ellen Horn, Liz Sewell, Sue Hill, Mickey Williams, Rick Fuszek, Tim Kirby, John Wynn (chairman), Neil Van Zandt, Steve Holt, Gary Parker, and Gretchen Weicker—worked hard to make this series the success that it was.

## . . . Student Government

Munif Abu-Rish, Karen Ray, Joe Proctor (chairman), and Steve Clark selected and secured the Campus Movies shown on Friday and Saturday nights. *Thomas a Becket*, *Lolita*, and *Barrabas*, among others, were shown during the year.

# Religious Life

The Chapel Operations Committee this year has arranged for a variety of speakers to come to the campus and has designed the various programs for the chapel. The Religious Inquiry Committee considered the problem of how to keep religious concern relevant to the College and debated aspects of this question, ranging from the contradiction of "compulsory worship" to religion in the curriculum. The Evening Devotional Committee arranged the student-led devotionals each Wednesday night, which, although voluntary, have been a cherished and well-supported tradition at Austin College.

The fifty-fifth year of THE KANGAROO was one to be noted. After seven issues (October 20), the editorial staff of THE KANGAROO notified the College Council that the newspaper was suspending production. As an interim measure, the College Council authorized the publication of a bulletin to carry announcements of college-wide interest and a calendar of events. Mrs. Aline L. Legg edited the CAMPUS BULLETIN during this period.

In February the editorial staff of THE KANGAROO received official permission from the College Council to resume production on a bi-monthly basis for the second semester. Mrs. Aline L. Legg, advisor to student publications, was authorized to keep track of the copy, handle relations with the printer, proofread galleys and do the make-up. Mr. Bob Veteto, of the College News Bureau, was given the responsibility of assisting the staff in the writing of copy. A group of contributing and associate editors agreed to write opinionative and analytical articles in order to help make THE KANGAROO a prime medium for the communication of ideas.

Although some were a bit reticent about having their own pictures taken, most of the staff managed to show up for pictures. To all I extend my sincere appreciation.

A guest speaker explains the laser beam to Mickey Williams, David Ledel, Ahnise Varnell, Dr. and Mrs. Gourley, Tommy Young, and Hugh Summers.

## Blackfriars

Acting as the campus' theatrical service organization, the Blackfriars fulfill their purpose well. Their activities are devoted to backstage and staff work for all-school productions as well as the productions which are completely carried out by Blackfriars. They also sponsor occasional trips to outstanding theatre productions in this area, and two or three After Dinner Productions during the year.

The officers of the Blackfriars are Joe Proctor, president; Dimitrios Papadopoulos, vice president; Linnie Lyle, secretary, and Larry Wheeler, treasurer.

Pictured are (first row) Carol Wehking, Julie Chervenak, Jan Leach, Nancy Scott; (second row) Bill Ericson, Chris Summers, Linnie Lyle, Anne Williams, Susan DeLee, and Henry Baldwin. Other members of the Blackfriars are Craig Channell, Mitch Jeffries, Pat McKnight, Jan Swearingen, Mike Jury, Susan Henley, Elaine Bonner, Bill Lawson, Munif Abu-Rish, Gretchen Weicker, Joan Graves, Clark Davis, Brenda McCoy, Kent Middleton, Mike Gorman, David Eckert, Ed Gibson, Jean Fleischer, Patricia Hahn, Steve Harrel, Dorris Yvonne Kays, Howard Lee Powell, Ahnise Varnell, Jim Chandler, Rick Denham, Rex Downing, Joe Gay, Fran Hawthorne, Shay Robb, Liz Sewell, Ellen Krempin, and Bob Webb.

## Spanish Club

The Spanish club gives outstanding Spanish students extra opportunities to hear and speak Spanish outside the classroom. Sponsored by Miss Juanita Cowan, the group also tries to create an interest and an understanding of Spanish-speaking people and their cultures through the use of films, songs, and lectures.

Members of the group are, right to left, Cyndy Leon, Lynn Sturgis, Suzanne Slimp, Jensie Simms, Mary Sue Williams, Margaret Lang, Beth Harkins, Nancy Nelson, Beverly Birk, Susan Weber, Noel Barnes, Susan Vik, Vance McCracken, Phil Plattner, Eric Liston, Sandy Hill, Kary Walker, Jay Dickson, and Carol Wilson.

Susan Aldridge pauses for a moment in front of a pastry shop in Aix, France where she spent her junior year.

## Junior Year Abroad

Austin College offers the Junior Year Abroad program as another international opportunity for students to live, study, and travel in a foreign country for a year. After having been scattered to many foreign countries, the students return to our campus with a new knowledge of many things and a broader view of the world.

Becky Russell and Sara Lou Weisinger spent the spring semester of their junior year at the University of Lausanne in Switzerland.

Claire Moore remembers her junior year at the University of Nantes in France.

Lela Peabody and Liz Ash compare notes on their experiences at universities in France and Ireland.

After spending her junior year in Valencia, Sandy Hill has been able to help with instruction in the Spanish department.

# International Opportunities

## Operations Crossroads Africa

With the object of helping rural communities in Africa, as well as having experiences of study and travel, Steve Capelle and Lynn Sturgis spent last summer in Malawi and Ghana. Participating in this program with other college students from all over the United States, Steve and Lynn worked with their African counterparts, technical advisors, and other students in bringing the varied cultures represented there together in a new sense.

## Winant Volunteers

The Winant Volunteers are young Americans of college age who travel to the United Kingdom at their own expense to spend six weeks helping with social welfare work in settlement houses, youth clubs, parishes, and schools. Last summer Jan Leach and Tommy Lockhart worked in Birmingham, England Glasgow, and Scotland as representatives of Austin College.

# Experiment in International Living

Under the Experiment in International Living, groups of ten experimenters go abroad each summer to live as sons and daughters of families in thirty or more host countries for a month. During the second month, the Experiment group hosts select family members and friends to go on an informal tour of the host country.

Mary Glover, who also spent her summer in Switzerland, displays the Swiss emblem, a white cross on a field of red.

When she was not traveling throughout the United Kingdom, Karen Fagg spent her EIL summer in a suburb of Manchester, England.

Marianne Rogers enjoyed the scenic Alps at Adelboden during her stay in Switzerland.

## Peru Summer Studies Program

Along with sixteen other students from seven American colleges and universities, Austin College students Fred Morgan, and Mr. and Mrs. Scott Downing travelled to South America to participate in a sociological study conducted by Cornell University. The object of their research was a Uruguayan province of 35,000 in the foothills of the Andes.

## Florida Presbyterian Seminar

Karen Ray was the first Austin College student to participate in what will soon become a cooperative program between Florida Presbyterian College and A. C. Travelling throughout Europe, Karen was afforded new insights into the many European cultures and even gained a few hours' credit at an English university.

## Washington Semester

Tom Sehon and George Rustay were selected from the government majors to participate in the Washington Semester program last fall. In cooperation with the American University in Washington, D. C., these students lived and studied in Washington for one semester in an academic program which combined with it field trips leading to an increased understanding of the Federal Government and its functions.

Akil Abdulaziz, a senior from Aden, Yemen, is an economics major.  
 Stanley Sempala, interested in art work, singing in the A Cappella Choir, and fraternity work, is a senior from Kampala, Uganda.  
 Ali Jalali, from Jahrom, Iran, is spending his first year at A. C. as a freshman.

## Foreign Students at AC

The foreign students added a distinctive touch to the Austin College atmosphere with their wide range of backgrounds and experiences. From their unique understanding of their own lands and customs, they gave valuable insights into matters ranging from religion to economics. Doubtless the students themselves also benefited from learning in an American culture.

In her second year at Austin College, Tomoko Tomita is from Imabari, Ehime, Japan.  
 Munif Abu-Rish, a sophomore student, is also an economics major, from Beirut, Lebanon.  
 Vera Shackleford, from Freetown, Sierra Leone, West Africa, is in her second year at Austin College.

From Yannitsa, Greece, Dimitrios Papadopoulos is spending his second year at A. C.

# CAMPUS LIFE

Campus life at Austin College is far more than a chameleon that changes its colors to fit its surroundings. The colors of Campus Life change with each passing season—fall into winter, winter into spring; with each passing scheduled event—Orientation, Homecoming, the Really Christmas Party, Graduation; with each passing unscheduled event—drinking a coke in the SUB, walking to class with two of your history professors, finding a VW in the middle of the cafeteria.

Campus life are those experiences which are shared traditionally—the daily distributions of mail, chapel, pep rallies—and those moments on campus which seem isolated and unique—walking to your last final exam in the old AD building, reading and rereading that letter from home, being pinned for the first time. Campus life is one line after another—Registration, Sunday meals, the Graduation march. And in the end, Campus Life is your life at Austin College for four years.

It is popular to claim that the college campus is a Bower of Bliss where each student is fitted with rose-colored glasses, fondled with kid gloves, and carefully screened from the world where the knocks are hard and they play for keeps. Does Austin College plead guilty? Look around you. They move slowly. Do they ever work and sweat? Ask them and they will probably say that it is exam time and they have not cracked that first book. But do not believe them.

A genuine sense of urgency and concern is hidden by their Texas drawl. Behind the gloss is a tone of tension, awareness, and success. Admission policies have tightened considerably, and departments are undergoing major changes for improvement. The upshot is a "campus life" that moves and changes so rapidly it defies classification and remains, at best, a bit sketchy. *Texoma Lake, Ma German's, fraternity serenades, a busy bookstore, the class you would not dare cut, the teacher interested in each individual, the future that may or may not turn out as planned.* The College is spelled out in these pieces of experience and united by the moods they provoke. Glimpses of such moods are captured in the following pages. Their value? It depends on the way you confront and define them.

Somehow, J. Forrest and the Business Office have managed to tuck all snugly into their classes—just in the nick of time too. There is a war in Vietnam—as real as the 10:30 buzzers, B.S. themes, and wejuns. Uncle Sam may tap you on the shoulder. Suddenly the hallowed *groves of academe* seem far more desirable than some foxhole in Saigon.

There are many new forts for the freshman to storm. An 'a' out of Basic Concepts should not be any sweat at all and vistas which will broaden his horizons. She's had a date for three weeks—maybe I can find some tough-looking Dirt. The Senior is an old war veteran and a near-finished product. For him, fall means returning to a territory where he has already come, seen, and conquered. He is Confidence personified and all that is dynamic and self-sufficient. Hell, if I don't hear from Princeton pretty soon, I'm gonna get Dad to call that dean again. For all, this is a time of search, quest and self-definition. You will confront the crises that plague the hearts and minds of men and reach the depths of their emotions. How will I ever find a date for homecoming?

*Think of the autumns that have come and gone!  
Ambitious November with the humors of the year,  
With a particular zeal for every slab,  
Staining the uncomfortable angels that rot  
On the slabs, a wing chipped here, an arm there!  
The brute curiosity of an angel's stare.*

—Allen Tate

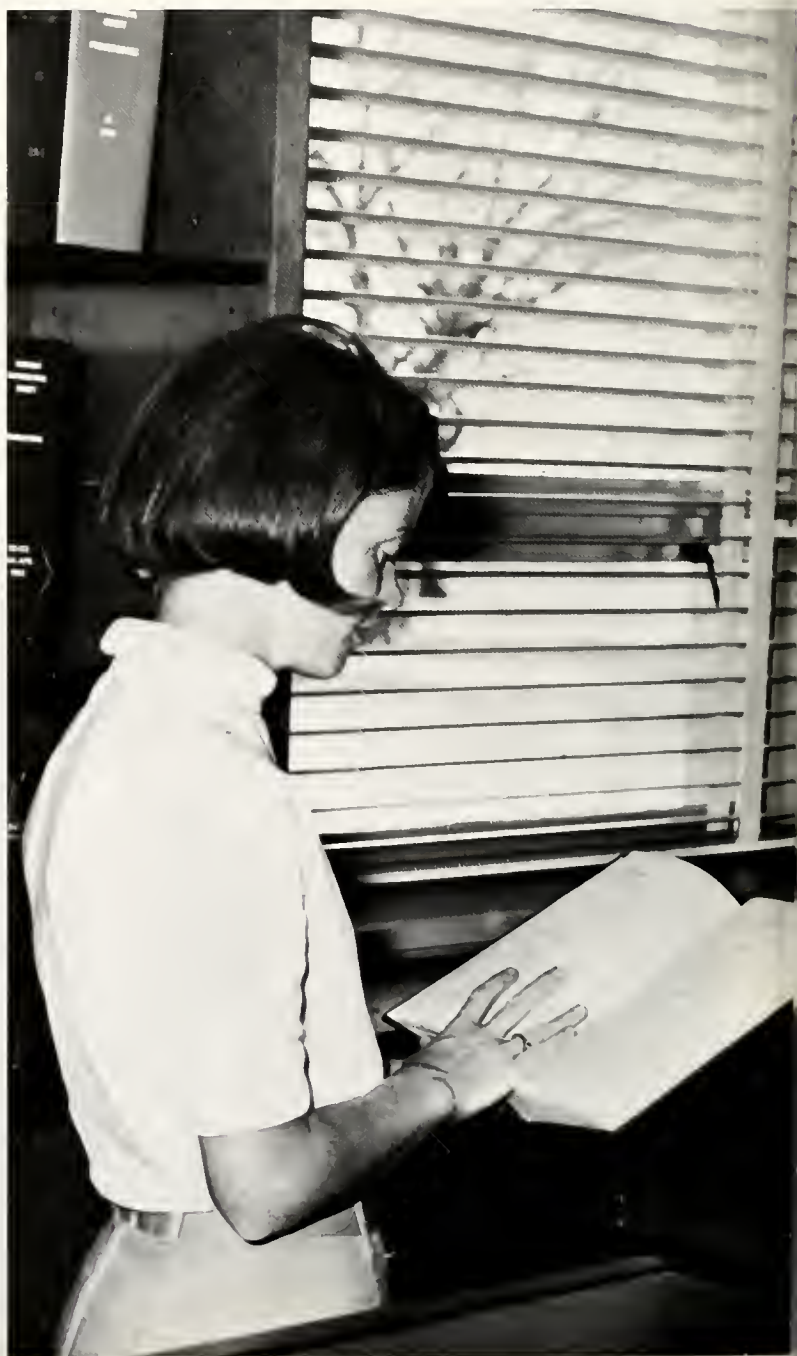

Winter, then, is subtly unleashed on the Austin College campus, and the students move to the "in"-side of the SUB. Rush Week descends and the Green Room is full of smiling upperclassmen and "suave" freshmen. Boys reap invitations to dances from girls they have never met, while those evenings spent in Moody Science library may have paid off for the upperclass female.

The Gym allows the students to mass together in the orgiastic rites of Home Basketball games. Dances and Basketball heroes seem to replace Immanuel Kant and Czar Alexander II. And that Monday morning test withers away, since what "matters" is tonight, your date, and the singing of *Winchester Cathedral*.

*Ran into its giddiest whirl of sound,  
Caught the sparkles, and in circles,  
Purple gauzes, golden hazes, liquid mazes,  
Flung the torrent rainbow round:  
Then they started from their places,  
Moved with violence, changed in hue,  
Caught each other with wild grimaces,  
Half-invisible to the view,  
Wheeling with precipitate paces  
To the melody, till they flew,  
Hair and eyes, and limbs, and faces,  
Twisted hard in fierce embraces.*

—Alfred Tennyson

Some weeks there are many lectures, speakers, and events scheduled at Austin. And even if "Studies of the Solar Corona" is beyond your ken, the Senior wonders just what were his excuses for not attending at least one a month. But if the name is big enough, the dorms may be forsaken by enough students to fill the Chapel or SUB lounge.

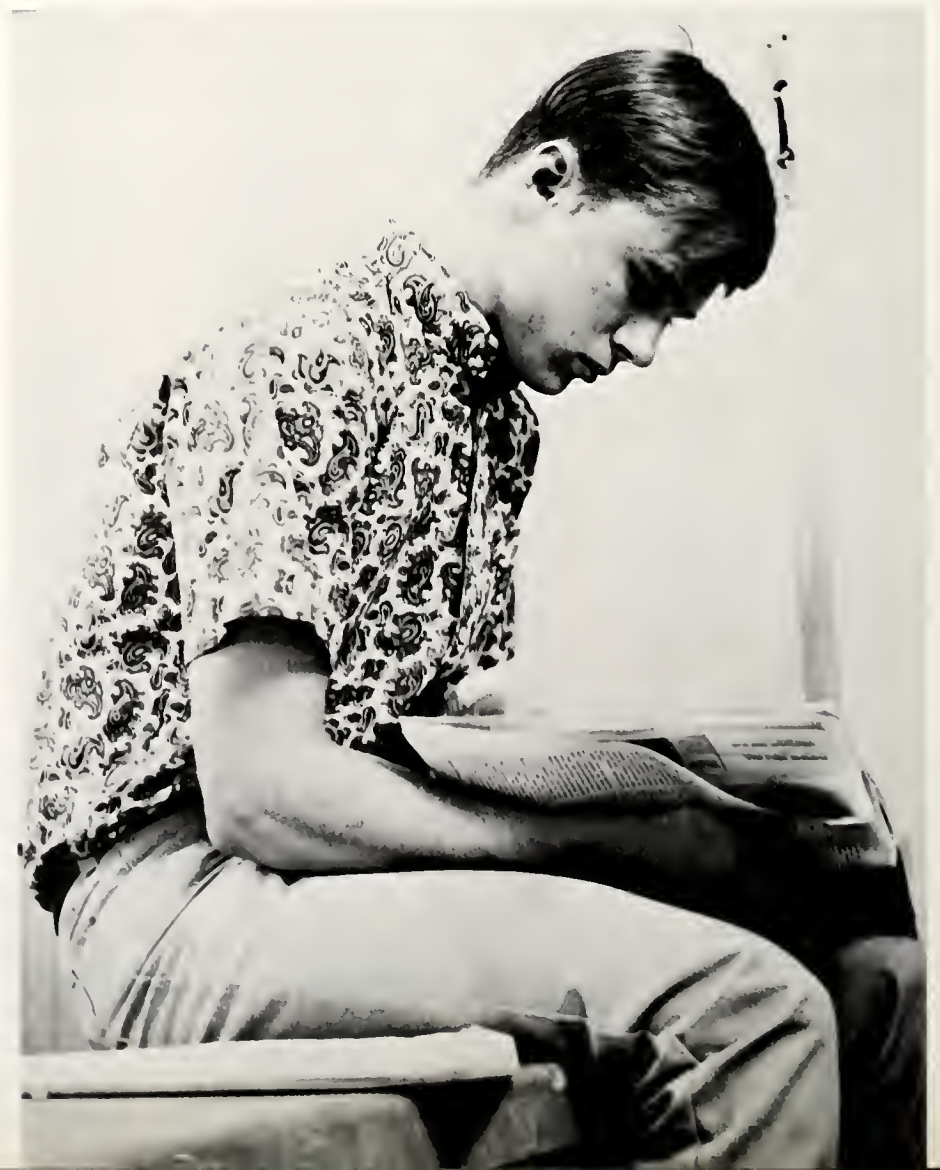

*perhaps . . .*

*A fool's brain digests philosophy into folly, science  
into superstitions, and art into pedantry. Hence University  
Education.*

—George Bernard Shaw

You are not sure why, but soon you just leave the books, notecards, and T. S. Eliot to fend for themselves in their own "disjointed little heap," and you head out. Samuel Johnson once stated that a fishing pole was a stick with a hook at one end and a fool at the other. But, then, Samuel Johnson never caught fish. He never threw anyone in the Kappa Fountain, serenaded the girl's dorms, or even visited Lake Texoma.

Spring is a time when everyone runs either toward or away from something. Student government begins revamping itself, and from the midst of this sound and fury (signifying ?) emerges the student politician—that rare breed of animal.

The infinite moment is there, but it will not stop long enough for you to get a firm grip on it. You would like to lay there dreaming of Tomorrow. But with Spring comes the realization that *you never have to think of Tomorrow—it comes soon enough.*

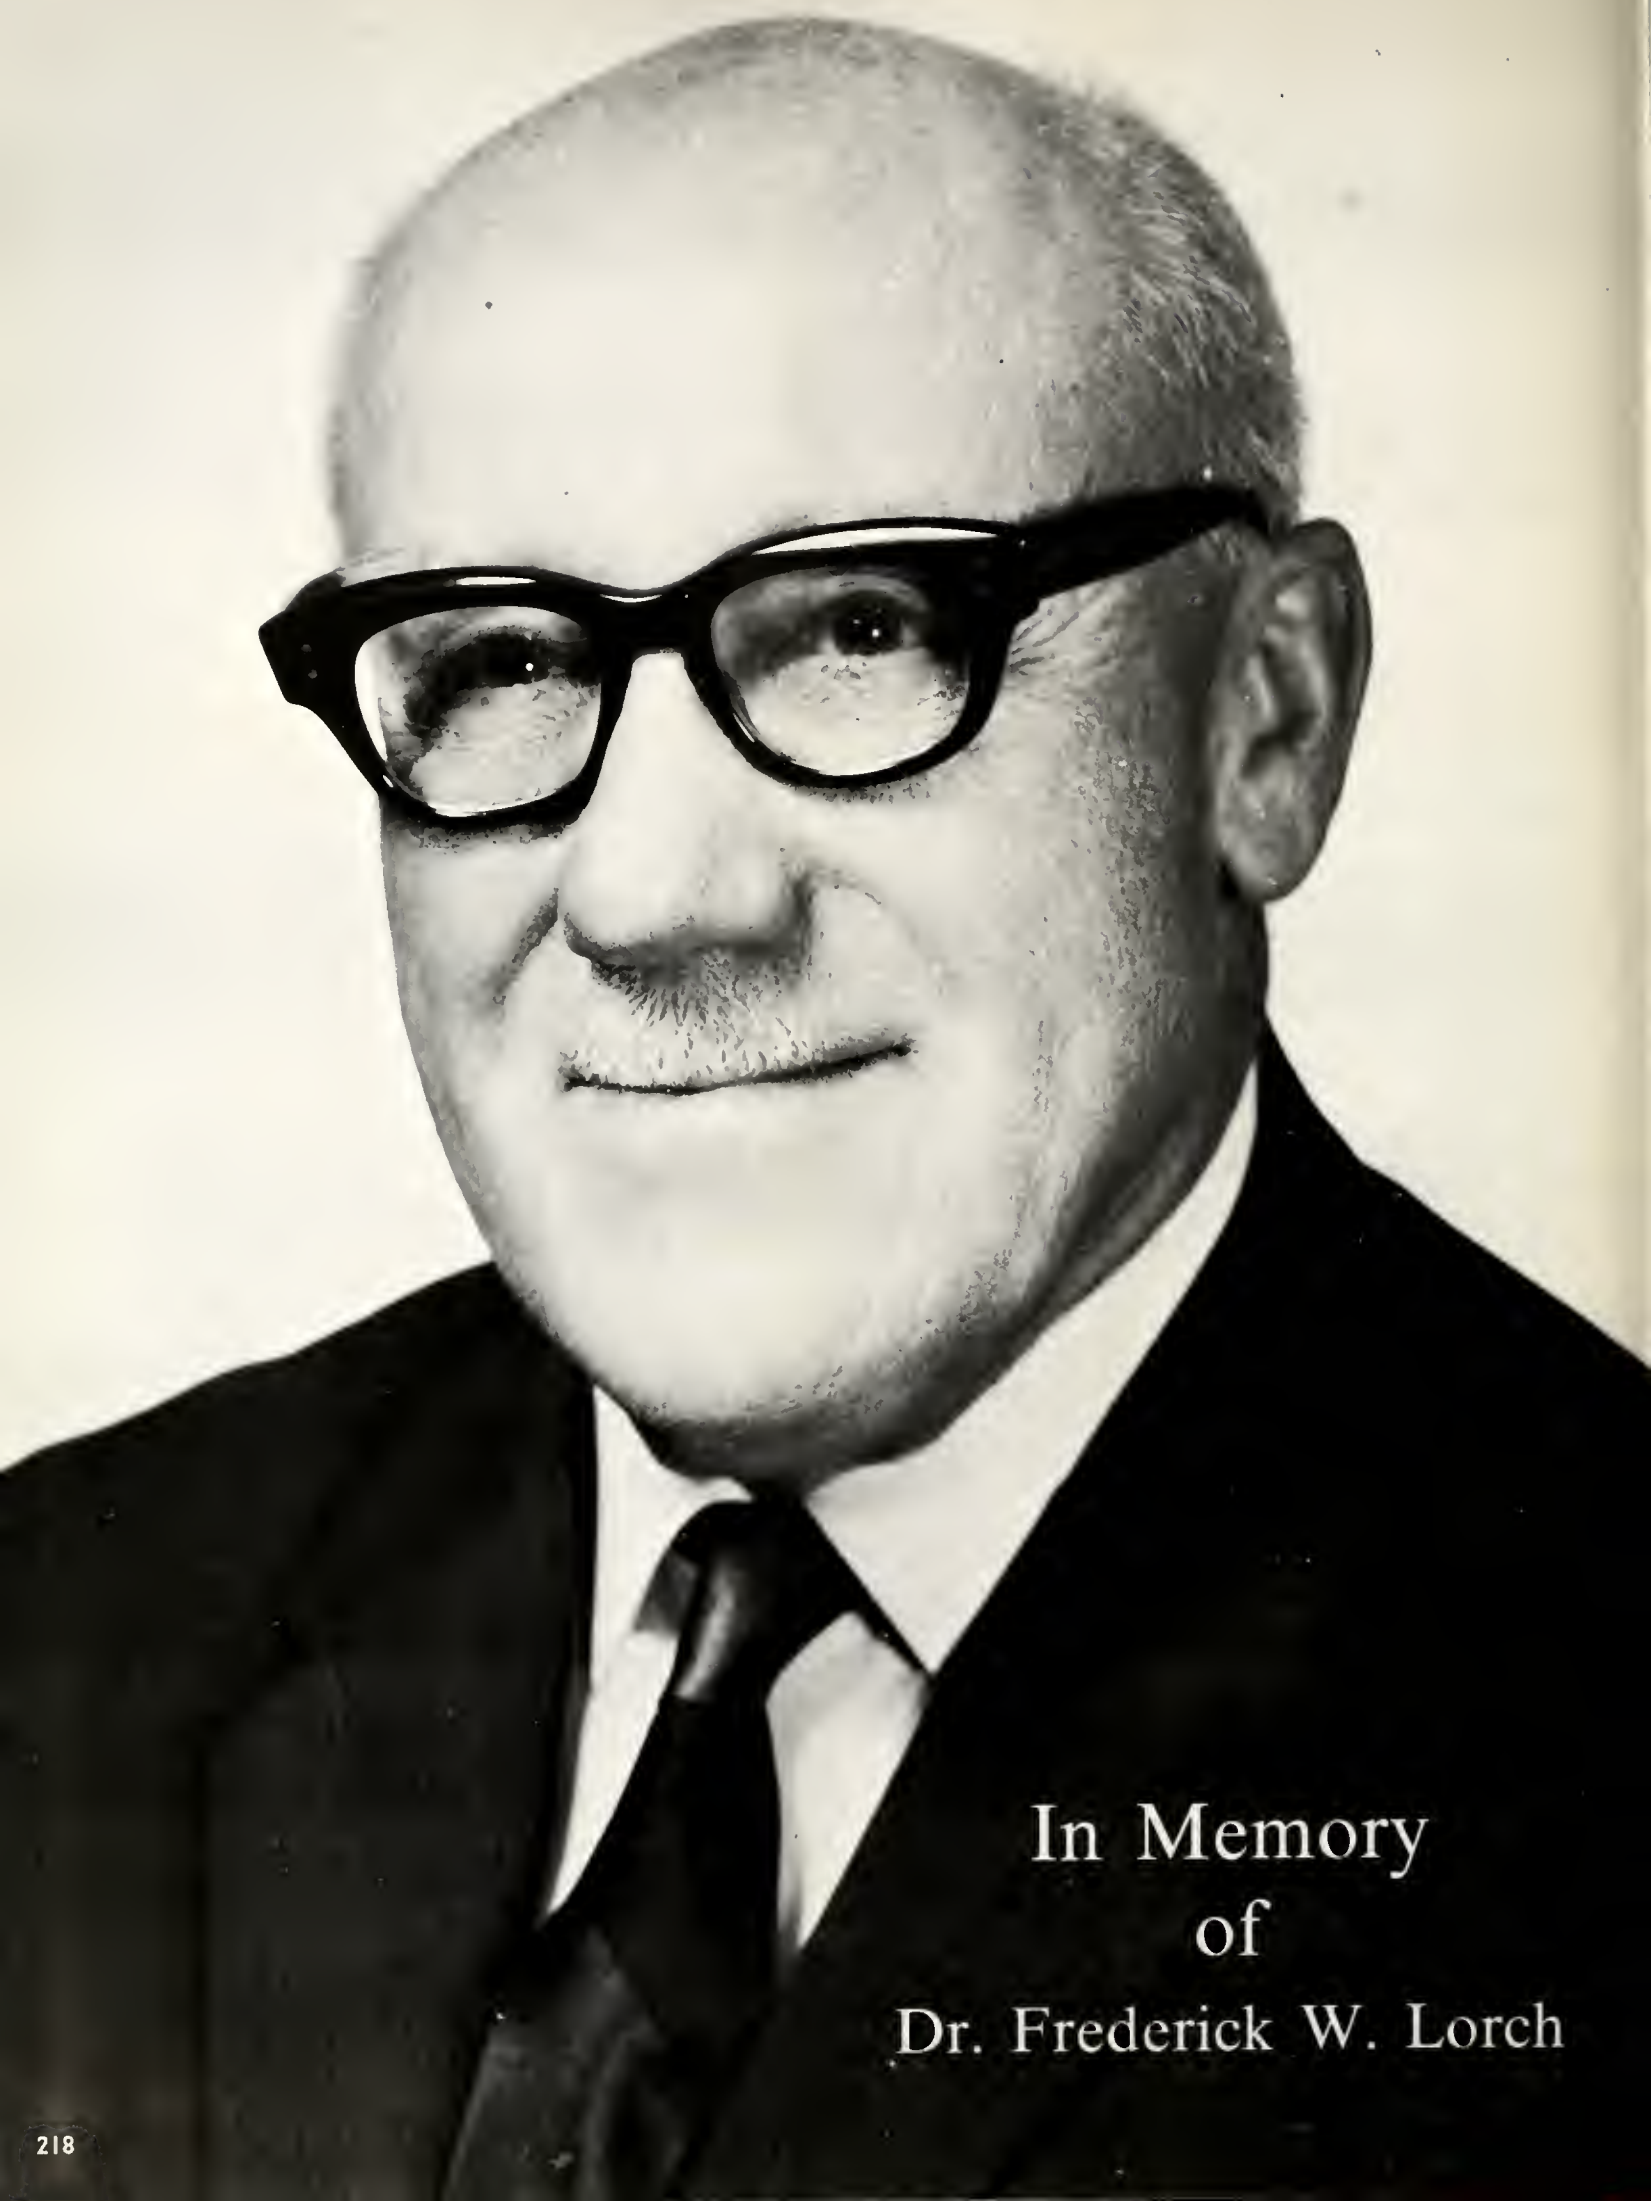

*... For West is where we all plan to go someday. It is where you go when the land gives out and the old field pines encroach. It is where you go when you get the letter saying: Flee, all is discovered. It is where you go when you look down at the blade in your hand and see the blood on it. It is where you go when you are told that you are a bubble on the tide of an empire. It is where you go when you hear that thar's gold in them-thar hills. It is where you go to grow up with the country. It is where you go to spend your old age. Or it is just where you go.*

*It was just where I went.*

# INDEX

The 1967 CHROMASCOPE is intended to be a book of memories. Because this year is still too closely linked with the present, the CHROMASCOPE should now be skimmed and the pictures enjoyed. But Tomorrow . . . when the fog of age creeps in and settles over your experiences of this year at Austin College, so that you can no longer see them clearly . . . it is hoped that this book will serve you as a lighthouse, cutting through the fog and guiding you safely back to the days of Yesteryear, where tears of laughter and tears of sorrow will be waiting for you on the shores of Memoryland . . .
